LEAGUE CALLS FOUR NATIONS

Spain to Join Britain, France and Belgium in Sending Troops

POLAND AS DEFENDER

South America Gets Two of Six Vice Presidents of Assembly—President Motta Honored

Geneva, Nov. 19.—It was announced by the League of Nations today that Spain and Great Britain, as well as France and Belgium, would send troops to Vilna to maintain order during the plebiscite fate of that city, as between Lithuania and Poland.

The wording of the League's announcement indicated that it had asked the intervention of these powers. Spain will send two companies of infantry, but no statement of the size of the British, French and Belgian contingents was made.

Under some circumstances the League of Nations might invite Poland to become the military defender of Danzig, that nation has been informed by the Council of the League.

It was announced today that the Council had approved the constitution of Danzig as a free city under guarantee of the League, as previously drafted, with some modifications, Poland being informed that while it is impossible to accord her the exclusive right of the military defense of Danzig, circumstances might arise under which the League might invite Poland to undertake the city's defense.

The assembly completed its organization by the election of six vice presidents, who, with the six chairmen of the committees elected yesterday, form a sort of executive committee of the assembly. The non-European nations, for whom much solicitude was shown yesterday, had no complaint to maek, as they obtained four vice presidents instead of the three they had asked for. The vice presidents chosen were:

Viscount Ishii, Japan; Honorio Pueyrredon, Argentina; Sir George E. Foster, Canada; Rodrigo Octavio, Brazil; H. A. Van Karnabeek; Holland, and Dr. Eduard Benes, Czecho-Slovakia.

Picturesque features of the session were furnished by Baron Hayashi, head of the Japanese delegation; Dr. Fridtjof Nansen, of Norway, and Gustave Ador, former President of Switzerland.

Baron Hayashi attracted attention when he arose to ask the delegates to vote for Viscount Ishii, Japanese Ambassador, to France, if Japan was to have a vice president.

The whole assembly looked on with great interest when, after M. Ador, who is also a former president of the international Red Cross, had graciously replied to the remarks of Dr. Nansen regarding the Red Cross, the explorer rushed down a side aisle with characteristic steel trap action to grasp M. Ador's hand in a handshake so warm and real that the sentiment was communicated to the spectators.

As an act of courtesy Giuseppi Motta, president of the Swiss Confederation, who had delivered the address of welcome, was elected honorary president of the first assembly of the League.

Rumors which had been current all week that certain combinations had been formed to carry prearranged programs through the assembly were denied today from two sources. M. Pueyrredon, for the Argentine delegation, said that it was absolutely untrue so far as Argentina is concerned, that the South America republic were in an understanding with other neutrals to force the admission of Germany into the League.

The British Dominions' representatives made it clear that they were here to represent their particular dominion, without reference to sister dominions or mother country.

All the delegates appear to be satisfied with the process made in the necessary preliminary proceedings, the work having been gone through with a minimum of friction, and they expect the final results to satisfy all the friends of the League.

THANKSGIVING DAY

Thursday, November 25, 1920
A Proclamation by the Governor of Virginia

Whereas, It is a time-honored custom of the people of Virginia to turn at the end of the harvest season from the merely material affairs of life and give thanks unto God for his great mercies and manifold gifts; and

Whereas, As a nation we can contemplate with serenity our recent trials abroad in the light of the magnificent triumph of an enlightened civilization over the autocratic powers of reaction, happily emphasized by the return of our victorious boys to the progressive problems of peace; now

Therefore, I, Westmoreland Davis, Governor of Virginia, do proclaim, in accordance with law Thursdaly, November 25, 1920, a public holiday to be observed as a day of thanksgiving and prayer throughout the Commonwealth, and I call upon all the people of Virginia to gather on that day in their usual places for divine worship and there, as well as in the sacred confines of the homes, give thanks to the Almighty for the many blessings we have enjoyed; and at the hour of prayer on this day of joyful thanksgiving, let our thoughts again turn in grateful memory to our beloved dead who gave their lives that the institutions of democracy should endure in the world, and at this hour also let us not, in the fullness of our own thankfulness for the bounteous gifts of God that we enjoy, forget the needs of the suffering peoples of the famine-ridden and pestilence-ravaged war stricken countries of Europe and the Near East.

Given under my hand and under the Lesser Seal of the Commonwealth this sixteenth day of November, in the year of our Lord one thousand nine hundred and twenty, and in the one hundred and forty-fifth year of the Commonwealth.

WESTMORELAND DAVIS
Governor.

Talk On Education

Harris Hart Gives Practical Address Large Audience in Attendance

Harris Hart, superintendent of public instruction in Virginia, last night delivered a highly interesting and entertaining address in the auditorium of the chamber of commerce under the auspices of the local branch of the Virginia League of Women Voters. The speaker was introduced by Miss Rose M. MacDonald.

Many helpful suggestions were made by Mr. Hart and his address was greatly enjoyed by the large audience in attendance.

Methods of increasing the efficiency of the public schools of the city were outlined by the speaker Among other things he suggested that classes in cooking and instructions in physical culture be established.

Among those in attendance were a number of school officials, officials of the city council and many others not identified with the league.

Santa Claus

To Arrive Here Tomorrow in Airplane and Make Headquarters at R. E. Knight And Son

Having discarded his reindeers for a more modern method of travel, Santa Claus will arrive in Alexandria, via aeroplane, tomorrow afternoon and is planning to make his headquarters at R. E. Knight and Son's Store for the balance of the Christmas season.

Santa will come to Alexandria with Lieut. A. M. Alcorn, the "flying salesman" of the Simmons Hardware Company, manufacturers of "Keen Kutter" cutlery and tools, of St. Louis, Mo., Lieutenant Alcorn was formerly a member of the Royal Flying Corps, of the British Army and is an expert pilot.

The big bird machine will alight on Baggett's Field near the Union Station at 2 o'clock and from that place he will make several flights during the afternoon. The first flight will be over the shipbuilding plant at which place a big freighter is to be launched tomorrow afternoon.

Lieut. Alcorn is flying from Trenton, N. J., today and is slated to arrive here tomorrow afternoon. He will go from this city to Newport News, Va., at which place the advertising flights will be repeated.

Several well known local people are to take the flights tomorrow among them being Mayor James M Duncan, Mr. and Mrs. Regali, of North Rosemont, Charles R. Morrison, of the Alexandria Gazette and members of the firm of R. E. Knight and Son.

A. M. Waddell, of the Simmons Hardware Company, is in the city today completing arrangements for the flight tomorrow afternoon. The machine will start and land on Baggett's Field and all are cordially invited to visit the field and witness the exhibition.

Thieves Drop Loot

When Police Appear They Drop Plunder and Escape—Police Fire on Men

Two robbers fearing arrest at midnight last night while on Cameron between Henry and Fayette treets dropped their loot and ran away as Policemen Lunsford and Miller put in their appearance.

The thieves were fired on three times by the officers, but the bullets went wild of their mark and they escaped through an alley on Fayette street between King and Cameron streets and successfully dodged the police.

The police found that the loot consisted of 4,000 Piedmont cigarettes, a box containing 100 cakes of Sweetheart toilet soap and a box of macaroni.

Police Sergt. Wilkinson this morning recovered several cans of salmon which they dropped in the alley through which they fled together with a number of cakes of soap.

A young man living near the scene was taken in custody by the police later, but there was no positive evidence thus far and his case was continued for ten days and he was released on his own collateral.

Efforts are now being made by the authorities to trace the goods. The police believe they were stolen from a freight car and had been stored away by thieves.

Considerable plunder from freight cars it is reported, is being disposed of in this city. Efforts will be made to indict the purchasers, it is said.

CLOSE GLASS PLANT BECAUSE NO COAL

Old Dominion Glass Co. Shut Down This Afternoon

250 MEN ARE OUT

Operations May Not Be Resumed Till Spring of Year Owing to Trouble Experienced

The plant of the Old Dominion Glass Company was closed down this afternoon owing to the shortage of coal, throwing out of employment a total of 250 men.

The glass plant recently has been operating with but a limited supply of coal and last night the climax was reached when they used up their last shoveful of the gas coal used by them to their fires going for the manufacture of glass bottles.

Ever since the war this company has experienced difficulty in obtaining a sufficient supply of coal to meet their immediate wants and for another occasion they were compelled to close down because of this fact.

Lorenzo Wolford, president of the Old Dominion Glass Company, stated this afternoon that in all probability the plant would remain closed down until the spring of the year or until conditions readjust themselves in order that they may hereafter go along with their business without interruption. Continuing Mr. Wolford declared the company was working under a great handicap with conditions prevailing as they are today. The question of reopening will be taken up at a future meeting of the directors of the company and it will be determined at the meeting whether or not the company will remain closed till the spring of the year.

In the meantime the 250 employees of the plant will have to seek employment elsewhere.

To Leave Ways

Georgie M. Morse to be Launched Tomorrow Afternoon

All is in readiness for the launching of the 9,400 ton steel freighter Georgie M. Morse which will glide from the ways at the plant of the Virginia Shipbuilding Corporation at 2 o'clock tomorrow afternoon. The sponsor for the ship will be Mrs. Georgie M. Morse, in whose honor the ship is named. She is the wife of E. A. Morse, president of the Virginia Shipbuilding Company.

The occasion will be enlivened by music which will be furnished by the Citizen's Band. This is the tenth ship to be launched at this company's plant.

BAPTIST OPPOSE AESTHETIC DANCE

Portsmouth Selected as City for the 1921 Convention

OPPOSE DIVORCE EVIL

Report Submitted by Treasurer Show Baptist in Virginia Contributed $1,359,956 for All Church Purposes

Richmond, Va., Nov. 19.—Strong disapproval of the so-called aesthetic dancing, so long as it is called by that name, was registered last night by the committee on educational institutions of the Baptist General Association of Virginia, in a report on conditions at Richmond and Westhampton Colleges, recently combined as the University of Richmond, at the final evening session of the ninety-sixth annual convention of the association in the First Baptist Church.

The report which was read by the Rev. H. W. Battle, D. D., of Charlottesville, and was applauded at many points, found severe fault with President F. W. Boatwright and his trustees for allowing the latest general catalogue of the combined institutions to go forth with the course in aesthetic dancing listed as such.

As part of their report the committee headed by Dr. Battle, recommended that the word "aesthetic" be changed to "calisthentic" and it was announced that the college had promised this would be done in the near future, or that at least no more issues with the word "aesthetic" remaining in them would be put forth.

The report also dealt severely with ordinary dancing by the students of both institutions, both on the grounds and in the buildings and at the homes of local students or in public places.

Yesterday afternoon's session was held at the University of Richmond, where lunch was served the delegates and the meeting generally was confined to educational matters.

Yesterday morning the selection of Portsmouth as the location for the ninety-seventh assembly, with November 15, 1921, as the date of its convening, was unanimously approved The sessions will be held in Court Street Baptist Church there. Dr. Battle, who headed the educational institutions committee the past year was named to prepare the opening sermon for next year's convention and the Rev. George B. Taylor, D. D., of Hollins College, was named as his alternate.

"That this ninety-sixth session of the Baptist General Association of Virginia place itself on record as raising its unyielding protest against the continuance of this evil of the remarriage of any unscripturally divorced persons by any members of this body.

Report of the treasurer, Frank T. Crump, of Richmond was the big features of the day's work. His report showed that Baptists in Virginia contributed $1,359,956.16 for all church purposes during the past year, a record for contributions larger than ever before established.

Gifts to foreign missions were $308,216.20 and to Christian education, $212,039.69. State missions received $182,536.03 and the orphanage $83,777.18. Relief and annuity was credited with $75,605.88, and hospitals $1,080,799.77.

In order to develop the University of Richmond to the extent which the board deems necessary, the report showed that $2,500,000 would be needed, instead of the $1,000,000 raised last year.

Rev. Dr. E. B. Jackson of Alexandria presided at the afternoon session yesterday and while attending the convention made an address at "Religious Education."

IRISH OFFICIALS' STORY

Civil Court Procedure Suspended—Sympathies of All For Republicans Declare Witness.

Washington, Nov. 19.—Eyewitness reports of disturbances in Ireland connected with the movement for Irish independence were given yesterday at the opening hearing of the Commission of the Committee of One Hundred investigating the Irish question.

Four witnesses, including Denis Morgan, chairman of the Town Council of Thurles, Ireland, and three Americans who visited Ireland recently—John F. Martin, of Green Bay, Wis., and two clergymen, Father Michael English, of Whitehill, Mont., and Father James H. Cotter, of Ironton, O.,—were heard by the commission. All expressed sympathy for the Irish independence movement and told of violent events which they had seen and agreed that

87 PAY TAXES ON A MILLION

No fewer than 87 Americans have incomes of more than a million dollars per year, according to final income tax figures for 1918 made public by the Bureau of Internal Revenue here yesterday.

Taxes amounting $1,127,721,835 were paid by 4,425,114 persons on $15,924,839,355 net income, according to the report, which shows that the United States is by far the richest country in the world. The average amount of tax paid by individuals was $254.85, and the average tax rate was 7.08 per cent. An increase of 952,224 is shown over 1917 in the number of returns filed. The total net income gained $2,272,256,748 during the year.

No less than 178 persons filed returns showing incomes of from $500,000 to $1,000,000; 282 received from $300,000 to $500,000; 1,154 from $150,000 to $300,000, and 2,358 were in the $100,000 to $150,000 class.

Taxes were paid by 9,906 persons on incomes ranging from $50,000 to $100,000; by 28,542 on $25,000 to $50,000; by 116,569, on $10,000 to $25,000, and by 319,356 on $5,000 to $10,000.

Cooper To Speak

Washington Man to Take for Subject, "Make America a Christian Nation."

The Y. M. C. A. men's meeting at the Richmond Theatre Sunday afternoon will be addressed by William Knowles Cooper, Metropolitan secretary of the Y. M. C. A., in Washington. The men of Alexandria have been treated to some remarkable addresses the past two weeks, but the secretary of the Y. M. C. A., declares that Sunday will be no exception.

Mr. Cooper entered the Y. M. C. A., work thirty years ago and has steadily risen in the ranks until he is now one of the leading secretaries in the association. He has for many years been one of the international committee, an organization of men entrusted with the management of the vast business affairs of the greatest Christian body of men on earth.

During the war Mr. Cooper was made a member of the War Work Council of the Association and to this council of men was entrusted the most gigantic task ever put up to a Christian body of men. They handled over three hundred million of dollars and sent eleven thousand men overseas to minister to the American troops.

The speaker will use as his subject, "Make America a Christian Nation,' and the men may expect a message really worth while. The Citizens Band and congregational singing will be features of the meeting which will be held at three o'clock at the Richmond.

PATRONAGE AND ORGANIZATION

The New York World takes issue with Norman E. Mack, Democratic National Committeeman of New York, who seems to regard political patronage as the best help to Democratic organization. To sustain its contention it quotes the late Samuel J. Tilden, who stated that he depended for his success in gaining the confidence of a majority of the voters of his State and the country chiefly on ideas and less on patronage, than any of his contemporaries.

The effect of patronage upon party organization has never been better illustrated than in Pennsylvania during the past eight years. National patronage was never so plentiful here as during that period. There are more Democratic office-holders in the State than ever before, and most of them have been holding their jobs for more than four years. But there has been no efficient Democratic organization built up on patronage of this character. It has been a failure. There are conflicting opinions as to why it has been such a great failure, but there is no doubt that something must be done that has not been done if we are to have a worthwhile Democratic organization in Pennsylvania. The same is no doubt true as to many other States.

The old Tilden idea offers the best hope. It is the only one available, at least. Without organization the Democrats cannot hope to accomplish anything against the Republican organization of Pennsylvania which is one which has even during the past 8 years had plenty of State, municipal and county patronage and the ever dependable financial help of some big business interests.

With the women voting, and very likely to want to know what they are voting for, the only real hope for a Democratic organization in Pennsylvania is one that will be built upon ideas and that will be built upon ideas and not patronage or men. There is some job ahead for anyone who wants to undertake it, but it is not a one-man job. It should be undertaken by honest men and women in every part of the State who believe in the principles of Democracy, and they should proceed with it without delay and with a firm purpose to try to enroll in such a cause every voter who believes with them that honest government managed by men and women with ability is the great need of the hour.

SPORTS

Final football practice for Sunday's big game will be held by the Dreadnaughts this evening at six o'clock at Armory Hall, and Coach Billy Crouch requests the presence of every member of the squad to be on hand at the appointed time, as he considers this to be one of the most important games of the season. The Camp Humphrey Officers eleven have been holidng daily pracitce, and Lieutenant Vidal reports that he has the strongest eleven ever turned out at this army post, only this week being further strengthened by the addition of two first striking players of last year's West Point crack team.

The second basketball workout of the season will be held at the Armory, immediately after football practice, by the Dreadnaught quint. The schedule is rapidly being filled, trips to Richmond, Baltimore, Lynchburg, and other points are contemplated. Any man of basketball ability desiring a tryout will please be present at this practice.

Stamford, Conn., Nov. 19.—Four men were arrested by prohibition agents yesterday for liquor running. Nearly 480 quarts of the stuff, carried on automobiles, which were on the way to New Haven to sell the booze to football enthusiasts at the Harvard-Yale game on Saturday, were seized.

Why You Should Use Lightning
(1) A noticeable increase in mileage is apparent the instant you use LIGHTNING exclusively. More miles per gallon at less cost per mile!
(2) Increased Power
Exhaustive road tests under every conceivable condition have proved the increased power of LIGHTNING. Where formerly frequent gear shifting was found necessary on hills, Lightning carries you up most grades on high with a smooth, comforting power-impulse.
(3) Freedom from Carbon Troubles.
Because Lightning can be used with an excess of air in the cylinders, hard carbon deposits are almost instantly removed—a condition not possible with gasoline. Hence Lightning will not "knock" and carbon trouble is prevented, keeping your motor up to full efficiency at all times.
(4) Readily Available Everywhere.
So great has been the demand for this new motor fuel that in a few short months we have been compelled to establish service stations throughout the country, so that no matter where you are—whether on city street or village highway—there is a LIGHTNING station near you.

Passenger Airplane With Nine Passengers Aboard Missing

Havana, Nov. 19.—An airplane carrying its captain, six passengers, pilot and mechanic, which left Key West at 4:30 yesterday afternoon for Havana, ordinarily a 90 minute trip, has failed to arrive, and fears are entertained for its safety.

A Government submarine chaser has left Key West in search of the missing airplane.

IT HELPED ME WHEN OTHER MEDICINES FAILED

Both Appetite and Strength Restored by Chasco-Vin the Strength Creating Tonic

"Acting on the advice of friends I turned to Chasco-Vin in sheer desperation after a long period of doctoring. My appetite had completely gone and this along with lack of good blood left me completely run down.

But just as my friends predicted I soon felt a change coming over me. Soon I began to eat, my strength gradually returned and I also felt the return of rich red blood that gave me new vim.

Indeed this wonderful tonic just made me all over again after so many others had failed. It is because of this great change that I gladly recommended Chasco-Vin, It really would not be fair for me not to do so." Mrs. Geo, Miller, Lebanon, Pa.

In Alexandria there is only one Chasco-Vin agent. Edgar Warfield, jr., King and Pitt streets.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

It is not necessary to go into the country to hunt 'oppossum says William Candler, warden of the city jail, for early this morning he captured a large 'oppossum on north St. Asaph street, near the jail.

Miss Marion D. Negley, daughter of the late Charles Negley and the late Hester Hopkins Negley, and niece of Mrs. William A. Moore, Jr., of this city, died yesterday. The funeral and interment will be at Hagerstown, Md.

Representative Moore has suggested that in view of the limited number of packages of garden and flower seed now assigned for distribution, those desiring either kind, should communicate with him as soon as possible, addressing him at the House Office Building.

The Rev. Dr. W. E. Rollins, of the Virginia Theological Seminary, will occupy the pulpit of St. Paul's Church on Sunday morning, November 21st. The Thanksgiving services will be in charge of the Rev. Robert Alexander Tufft, of Washington, D. C., which service will be held on Thursday morning, November 25th, at 11 o'clock.

Machine Plunges From Bridge, Striking Light Wire

Sturgeon Bay, Wis., Nov. 19.—Three persons were electrocuted here last night when their automobile plunged off a bridge and struck an electric wire carrying 23,000 volts. The car fell 15 feet into a creek bed and two feet of water, carrying the wire with it.

NURSES SELECT OFFICERS

The senior and graduating class of 1921 of the Alexandria Hospital at a meeting held last night selected these officers: Miss J. Clark, president; Miss M. P. Bryant, vice president; Miss J. McFerra, Secretary; Miss M. E. Cavanaugh, treasurer. The class transacted considerable business of importance and expects to accomplish good work during the coming year.

GROCERS ASK RELIEF FROM SUGAR CONTRACTS

Washington, Nov. 19.—Victims of the crash in sugar prices are now fighting for relief, endeavoring to obtain assistance from the Department of Justice in their efforts to pass their losses along. But for once the poor consumer is not involved. He got his punishment during the artificial inflation of sugar prices.

It has become known within the last few days that wholesale grocers have been appealing to the Department of Justice to assist in compelling the sugar refining companies to bear some of the losses sustained by the grocers during the rapid decline in sugar prices. The grocers are shouting "profiteers" and similar hard names, but according to the evidence at the Department of Justice there is only a desire to use some weapon in forcing the refiners into line.

During the "sugar famine" agents of refiners and jobbers called on the wholesale grocers and advised them they were entitled to a certain allotment of sugar. Invariably, the grocer took what sugar was offered him. He took it also at high prices. Then the crash came and grocers found themselves with many carloads of sugar on which they were certain to sustain losses.

The grocers now assert the sugar refiners purchased sugar in the raw at lower price levels, but maintained a high wholesale price, that the allotments were said by refiners to be in the form of contracts to purchase and that the grocers were the victims. On the other hand, it is known the refiners contend they purchased raw sugar at high prices and when the bubble burst they suffered as did the grocers.

Stories are told of grocers worth hundreds of thousands of dollars one day when the sugar story was one of sweetness and worth minus nothing the next when sugar turned to acid and soured the world for the grocers. One representative of the grocers said millionaires became paupers overnight.

According to the stories, the greater part of the sugar on which losses were sustained was purchased at 24 cents to 26 cents a pound. Wholesale grocers found themselves with from eight to ten cars on hand at the time the crash came and as much as $10,000 sometimes had been invested in one carload. To lose from $50,000 to $60,000 at one break and then to be tied up in contracts involving several hundreds of thousands of dollars more caused the rush to the Department of Justice.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

YOUTHFUL BANDITS HOLD UP AND ROB STORE PATRONS

Atlanta, Ga., Nov. 19.—Two masked robbers invaded the Parker-Brannon drug store yesterday, lined up a score of customers, rifled their pockets and escaped in an automobile.

The youthfulness of the bandits made their victims think they were being subjected to a college boy joke, but their minds were disabused when the youths opened fire upon their pursuers. No one was injured.

HEALTH AUTHORITIES ALARMED AT INCREASING DEATH RATE FROM KIDNEY DISEASES

60 per cent of 100,000 Deaths Each Year Are Due to Neglect

In our pursuit of the mighty dollar, we too often are absorbed in the topics of the day, pleasure, etc., to stop and consider our health. Stop now—think— kidney diseases caused 100,000 deaths last year. Are you going to be included in this year's toll? Why, you will exclaim, do so many die, why are the health authorities so concerned; the answer is, we bolt down our food, take no exercise, neglect our sleep and otherwise subject our system to all sorts of abuse. Is it any wonder then the kidneys become diseased and fail in their duties of poison elimination.

Poisons are constantly being created in our bodies and if the kidneys fail to carry them off they are absorbed by the blood causing ill health and misery in the form of headaches, backaches, tired feeling, indigestion, etc.

You may avoid considerable suffering if you heed nature's warnings and assist the kidneys. Warner's Safe Kidney and Liver Remedy is a reliable preparation made from herbs and other beneficial ingredients that has been used with excellent results for 40 years. It assists the kidneys in their important duties, strengthens and helps repair the wasted tissues. It is very effective and is used in thousands of homes. Read what this grateful woman says:

"I wish to say that your remedies have been used in our family for about fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver remedy in our home and it has saved many a doctor's bill It is a wonderful medicine for all diseases of the kidneys and liver."—Florence E. Schmidt, R. F. D., No. 1, Dunkirk, O.

Mrs. Ella Leftwick, another Kansas City woman whose remarkable restoration by Tanlac has astonished her neighbors, many of whom have begun taking the Master Medicine. "They all agree with me that it is the grandest medicine on earth," says Mrs. Leftwick.

"A number of my friends, after seeing the wonderful good Tanlac did me, began taking the medicine, and now they all agree with me that it is the grandest medicine on earth," said Mrs. Ella Leftwick, 722 Pile St., Kansas City, Kans.

"Tanlac completely restored my health," she said, "and just seemed to give me a new lease on life. If I could talk personally with every woman suffering as I did, I would urge them to take this medicine.

"For the first time in three years I am able to eat and enjoy three hearty meals every day and not suffer in the least with indigestion afterwards. I am never troubled now with the awful smothering spells that used to frighten me so much, and the dreadful headaches that came upon me every day have been entirely broken up.

"I was extremely nervous and couldn't sleep well, but now my nerves are in splendid shape, and I sleep like a child every night. My strength has been so wonderfully increased that I can now do all the housework in my eight-room house and attend to the children besides. I feel just splendidly all the time now. Tanlac is certainly worth its weight in gold."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

PRESIDENT WILSON BETTER

Reported to Have Improved Since Election

Washington, Nov. 19.—President Wilson's health was said yesterday by White House officials to have shown improvement since the election and the consequent removal of the anxiety shown by the President over the decision of the electorate.

Despite the cold weather, Mr. Wilson spends some time each day on the south portico of the White House. He also is devoting much time to public business and to the preparation of his annual message to Congress.

TELLS OF OUTRAGES SUFFERED IN ERIN

(Continued from Page One.)

civil processes, except of the provisional Irish republic, were virtually at an end under the rule of the British military forces.

Mr. Morgan said his home was riddled with bullets prior to his arrest and deportation to England without any definite charges being preferred against him. With 200 other Irish Republican leaders, he said, he went on a hunger strike until they were released. He also told of "murders" of Irish citizens by constabulary and soldiers, including the "Black and Tan" forces.

Father English asserted that British soldiers had confiscated his papers. The military authorities derided his protests that he was an American citizen, he said, and he also told of having witnessed the shooting of an Irishman whose body, he said, was beaten into unrecognizable form.

Father Cotter, a Catholic editor, told of the killing of a Galway civilian by a British soldier without cause, he said. The soldier, he said, was seized by another civilian and reprisals against the town followed an hour later. Soldiers shot up the streets "for several hours," he said. The aged priest added that he lay for an hour and a half under a window ledge of his hotel to escape the flying bullets. The military, he added, later set fire to two houses and fired into a Galway newspaper plant whose management was friendly to the republican movement.

Father Cotter and Mr. Martin, a Knights of Columbus official, stated that sentiment in Ireland as they found it, was virtually unanimous for independence.

"Sympathies of everyone I met, Catholic and Protestant, were for the Republicans," said Father Cotter. The belief that religious prejudice or differences were involved in Ireland was unfounded, he added.

"There was absolute unanimity of opinion for home rule," Mr. Martin told the commission.

All witnesses said that civil court procedure was suspended in Ireland, coroner's inquests prohibited by the British Government and that the only authority exercised except for the British military forces, was that of the Irish Republicans.

About 600 soldiers and 400 police are stationed constantly in Limerick, Rev. English told the commission. Military raids through Penniwill, a Limerick district, were so frequent, he said, that it had been named the "Penniwill Sector." He told of a fire started either by hand grenades or incendiaries, which injured 200 houses in the Penniwill.

Several Americans who visited Ireland recently followed Mr. Morgan on the stand and told of their observations. The Rev. Michael English, of Whitehall, Mont., declared that while visiting his parents in Ireland, soldiers entered his father's home, searching all the men for arms and his baggage. He said that when he protested on the ground that he was an American citizen, the English officer replied:

"Your American citizenship don't count here."

"An inspector who searched the house," said Father English, "took a picture of George Washington from the mantlepiece, threw it on the floor and ground it with his heels, saying "this is what all these Americans should get."
